### *Course design & Curriculum development*

*Guidelines for Assessment and Instruction in Statistics Education (GAISE) Revision* Steering Committee, 2023 - present

- Revising guidelines for teaching undergraduate statistics and data science
- Revising learning objectives for introductory statistics
- Part of sub-team focused on learning objectives and course design for introductory data science
- Authoring revised report expected to release 2025

Charles A. Dana Center High School Math Pathways, 2023 - 2024

- Developed course design principles for educators teaching high school data science
- Invited to join sub-team that developed learning objectives for high school data science

Charles A. Dana Center Introductory Statistics Curriculum Authoring Group, 2021

- Authored 5 lessons for the Statistical Reasoning curriculum used by educators teaching undergraduate introductory statistics. Each lesson contained a preview assignment, in-class assignment with student and instructor guides, practice assignment, and co-requisite assignment.
- Invited to join sub-team that developed 3 projects for an introductory statistics course. Each project contained a student guide, instructor guide, and rubric.

Charles A. Dana Center Introductory Statistics Curriculum Design Team, 2020

- Developed course design principles and learning objectives for introductory statistics courses

Howard Hughes Medical Institute Data Exploration Course Advisory Committee, 2020 - 2021

- Advised the development of data-driven high school biology lessons
